## WE ARE DOING SOMETHING FOR THE CLIMATE. BE PART OF IT!

On our way to certification with the Austrian Ecolabel, we are actively committed to protecting our environment and the climate.

Would you also like to support us? This is how climate protection works in a hotel:

- Turn off the lights, unplug appliances and save energy.
- Take a quick shower, turn off the tap and save water.
- Use the waste separation station in the fitness room: Separate paper, plastic and residual waste.
- Enjoy local products regionally.
- Leave your car at home. Travel sustainably and free of charge with the guest card.
- Store for environmentally friendly souvenirs.
- Use towels cleverly. Hang up = reuse, floor = change.
- Save on room cleaning. Simply let reception know.
- Only toilet paper in the toilet - please put toiletries in the garbage can.

Together we can make a difference. Thank you for your support.
